

## How to support people who have experienced hate crime

This Resource Sheet is in development. We welcome your input and feedback on any of the current or proposed resources. It's YOUR website and needs to meet YOUR needs.

### Tell us:

- Are we looking at the right topics?
- Are there any suggestions for alternative Resource Sheet subjects?
- What would you like to see included in them? In general, or in specific Resource Sheets?
- Tell us what has worked or hasn't worked for you in your experience of challenging prejudice
- What has helped you have Conversation not Confrontation? Tell us so we can share tips, ideas and good practice (anonymously) with other voluntary and community organisations here in North East England
